

ANNOUNCEMENT

End of Support Fiery XF version 6.5 and earlier

Overview

On January 1, 2025, Fiery is discontinuing support for Fiery XF up to and including version 6.5 (latest update 6.5.2 was released in April 2018).

This also includes Fiery XF versions up to and including version 6.5 running on Fiery proServers.

After this date, Fiery, LLC. will not provide technical support for the mentioned product, including any support related to licensing.

Product upgrade

We highly recommend upgrading to the [latest Fiery XF version](#).
